ROOSEVELT CARRIES CALIFORNIA BY PLURALITY OF 70,000 VOTES

**Machine Was Evidently Well Oiled--
Roosevelt Carries Seven of the Con-
gressional Districts.**

**Champ Clark Has a Majority of 16,000
Over Wilson--La Follette Carries San
Joaquin County.**

SAN FRANCISCO, May 15.—Practically the final state wide returns say that Roosevelt has carried every congressional district in the state except the fourth at San Francisco, for which the Taftites declared they will contest for the national convention at Chicago. Delayed returns from the outlying districts make exact figures unobtainable, but it is conceded that Roosevelt's plurality will be \$45,000. Roosevelt are claiming it will reach 60,000, with a possible majority over Taft and La Follette combined. Clark's vote doubled Wilson. It is possible the La Follette carried San Diego and San Joaquin counties.

The San Francisco vote complete gives Roosevelt 19,825, Taft 16,518, La Follette 8,479, Clark 6,774, and Wilson 2,940. Los Angeles practically complete gives Roosevelt 31,545, Taft 10,692, La Follette 6,340, Clarke 3,900, and Wilson 2,100. Roosevelt carried Los Angeles county by 8,000.

Taft won the fourth congressional district by 154 votes, which Roosevelt claimed was the heavily silk stocking reason. Taftites justify a decision contest by a statement they never agreed to abide by a presiden-

DECISION OF JUDGE CONDEMNED BY SOCIALISTS

SEATTLE, May 15.—Resolutions condemning the decision of Judge Hanford depriving Lenora Olsson of his rights as a citizen because of his socialist affiliations, and the effort to prosecute him criminally, were passed by the executive committee of the county socialist organization of this city Monday night. This committee also prepared a campaign for funds to carry Olsson's appeal to the United States supreme court, if necessary.

KILLED BY CAR.

LOS ANGELES, Cal., May 15.—A fat suburban car passed over the body of W. R. Lodge, an oil agent of Puente, Cal., here early yesterday, and mangled it almost beyond recognition. It is believed Lodge was murdered and that his body was laid across the rails. Money and jewelry which he was known to have in his pockets were missing.

The unshakable ship, the "absolute fire-proof" building, the gun that "wasn't loaded," and the mule that never kicks, all belong in the same category. Oh, well, "live and learn."

KING FREDERICK OF DENMARK DROPS DEAD

HAMBURG, May 15.—Dressed in an ordinary business suit, King Frederick of Denmark dropped dead on the streets here Tuesday night. The body, unidentified, lay at the harbor morgue until found and identified at 1 o'clock this morning by searchers.

COPENHAGEN, May 15.—Prince Christian has formally been proclaimed king.

TAR, FEATHERS AND HOT BRAND FOR I. W. W.'S

SAN DIEGO, May 15.—Emma Goldman was driven out of town last night by a mob of citizens who took her and her manager, Ben Reitman, to the Las Penasquitas ranch, 20 miles north from this city, tumbled and feathered Heitman and forced him to kiss the American flag, and also promise not to return to San Diego.

LOS ANGELES, May 15.—Emma Goldman received a long distance phone from her manager, Ben Reitman, this morning. He said he had been tired and feathered by a San Diego mob, and the letters I. W. W. were branded on his back. He failed to give any more explicit information.

SAN DIEGO, May 15.—Wearing a pair of blue overalls and a checked jumper, his face smeared with tar and showing many signs of the vigilante's work, Ben Reitman, Emma Goldman's manager, limped into Escondido this afternoon and took a train for Los Angeles. He refused to discuss his experience last night.

SOCIALISTS FIGHT IN NOMINATION OF CANDIDATES

INDIANAPOLIS, May 15.—Majority leaders of the socialists want to nominate Eugene V. Debs for president. Charles Edward Russell, for vice president. The Milwaukeeites are fighting Debs, urging the nomination of Beldel. Several leaders think that Roosevelt and Bryan will be the old party candidates. Delegates are discussing the platform today. Efforts are progressing to prevent a fight on the floor over the endorsement of industrial unionism.

What a man blows in for cigars in a year would buy him several swell suits of clothes, but he would lose that breath which smells like a stable and offends everybody but himself.

TAFT FORCES HAVE CONTROL IN TENNESSEE

NASHVILLE, Tenn., May 15.—Taft supporters in the Republican state convention yesterday scored in the first contest with the Roosevelt men when Foster V. Brown, former attorney general of Porto Rico, was named temporary chairman.

The Taft faction of Tennessee Republicans claimed they would control the state convention, prior to its organization. They appeared to have at least a tactical advantage in that one of their number, Foster V. Brown, former attorney general of Porto Rico, had been chosen temporary chairman.

While the state committee continued its work of deciding between contesting delegations yesterday morning, the Roosevelt workers had a meeting and planned a program of action. They claimed they would carry their fight of the seating of the delegates to the convention floor.

The selection of the four delegates at large from the state will complete the Tennessee's delegation of 24 to the national convention.

DAVENPORT IS BURIED AT HOME TOWN

SILVERTON, Ore., May 15.—Funeral services for Homer Davenport, famous cartoonist, who died in New York a few days ago, were held Monday afternoon in the opera house in this city, which is Davenport's birthplace. The funeral was attended by practically everyone in Silverton, including relatives and several members of the famous old Silverton cornet band, in which Davenport beat the drum as a boy. The body was buried in the Silverton cemetery, beside that of his father.

RICHESON SPENDS FIRST NIGHT IN CONDEMNED CELL

BOSTON, May 15.—Clarence V. T. Richeson, the unfrocked pastor, who was placed in the Charlestown penitentiary late yesterday afternoon, slept soundly last night. When he arose at 7 o'clock this morning he appeared stronger and ate heartily. After breakfast he read several magazines and papers that contained articles referring to his case.

EXAMINATIONS CAUSE SUICIDE OF PUPILS

BOSTON, May 15.—The executive council met briefly this morning. Foss didn't refer the council to any petition of leniency for Richeson, which means that Richeson must die.

ODESSA, May 15.—The recent epidemic of suicides among school boys and girls is ascribed by investigators generally to the rigors of term examinations, and the setting back for a year of those who fail in two or more branches. In the case of one 12-year-old lad, however, it was learned that the cause was his disappointment because the tailor failed to deliver to him a new suit at the time promised.

STARRY BANNER FOR PARADES AT SEATTLE

SEATTLE, Wash., May 15.—An ordinance prohibiting the carrying of any flags other than those recognized by the United States government was passed by the city council. The ordinance provides that the stars and stripes, unfurled and measuring not less than 54x66 inches, must lead all parades. Banners and emblems of organizations may be carried when they bear letters signifying what organizations they represent. The ordinance was the outcome of the flag disturbance during the May day parade of the Socialists and Industrial Workers of the World and is aimed at the red flag. Two councilmen opposed the measure, holding that it would tend to foster discontent.

BIG MINSTREL SHOW HERE NEXT MONDAY NIGHT

At the Nevada theatre, next Monday night, Hurley's minstrels will occupy the boards. This is one of the greatest aggregations that ever played Tonopah, consisting of a company of 60 people, giving one of the best shows ever pulled off. They will come from Goldfield on a special train.

Hurley's minstrels show is progressing nicely and promises to be a treat. The soloists, Conover, Walsh, Conell and Sunny Tier, will render their solos in a creditable manner, and Milt Detch and the end men will please with a bunch of local and other jokes. The chorus will be the best ever. The vaudeville portion of the show will eclipse all previous efforts in that line. Mrs. J. G. Thompson will give a novel singing act that will surely be a success. The two clever children, Appleby and Hama, will please in their comedy singing. Miss Edna Winslow, a very capable recitationist, and Mrs. Claude Maxwell, a contralto vocalist, will add to the entertainment. The male end of the vaudeville will be taken care of by Monroe Brown, Tom Hurley and Charles A. Goodwin, a clever baton juggler. The show will finish with a very laughable afterpiece concluding with a burlesque, "Alexander's Rag-time Band." Seat sale opens Thursday at the Miners Drug Store, admission 50c, 75c, \$1.00.

INQUEST OVER REMAINS OF JOHN GREGOVICH

**Jury Finds That Deceased Came to His
Death By Knife Wounds Inflicted by
A. Mirkovich.**

The following verdict was rendered by the coroner's jury empaneled to inquire into the death of John Gregovich, who was brutally murdered yesterday while standing at the Tonopah & Goldfield depot. The inquest was held before Justice of the Peace and ex-officio coroner H. H. Atkinson, at 10 o'clock this morning.

We, the jury summoned to appear before H. H. Atkinson, justice of the peace and ex-officio coroner of Tonopah township, county of Nye, and state of Nevada, on the 14th day of May, 1912, to inquire into the cause of the death of John Gregovich, having been duly sworn according to law and having made such inquisition, after inspecting the body and hearing the testimony adduced, upon our oaths, each and all do say, that we find the deceased was named John Gregovich; that he was born in the town of Castellavva, province of Dalmacia, Austria, on February 3, 1847; that he came to his death on the 14th day of May, 1912, in the town of Tonopah, county of Nye, state of Nevada, from bleeding to death as a result of wounds inflicted upon said John Gregovich by a knife commonly known as a hunting knife. We find that A. Mirkovich inflicted said wounds with said knife with intent to kill said John Gregovich on May 14, 1912, at the T. & G. R. R. depot, said town of Tonopah.

All of which we duly certify by this inquisition, in writing, by us signed, this 15th day of May, 1912.

Dr. J. R. Masterson, who was standing close to Mr. Gregovich when the knife was thrust into his body, was called to the stand and testified as follows: "I was standing close to Mr. Gregovich when all of a sudden a man rushed from the crowd and stabbed Gregovich four times. I took hold of Gregovich and tried to assist him to an automobile, but soon saw that he was severely injured. Luckily I had a kit of surgical instruments with me and soon had the artery clamped. This done I assisted in placing him in a wagon and went to the Miners Hospital, where I worked for several hours, finally bringing him back to consciousness. He died about an hour after he was placed in the private ward. The death was caused by loss of blood caused by a knife wound."

W. C. Harding was called, and said he was standing close to Mr. Gregovich when, without warning, a man drew a long dirk from his pocket and commenced to stab Mr. Gregovich. He thought at first they were fooling, but soon saw the blood rushing from the wounds. He called for the police and told the crowd that had gathered not to let the murderer get away.

Several others told of seeing the man pull out a knife and thrust it in to the body of Gregovich without having had any words.

The grand jury has issued a special call for members to be present at the court house tomorrow afternoon when the case will be taken up.
